

## **March 2, 2008 "Exposing the Truth" - Rev. Sandi Rice**

- The job of the Pharisees was to decide & determine what is of God and what is not. They follow the "rules".
- Man was born with a physical deformity – he was born blind – so there must be sin in him. And in his parents?
- They (the Pharisees) wondered if it was God, or of the Devil, that he healed on the Sabbath. They were lost in the minutiae. The point was that he could now see.
- Jesus came to shine the light of healing for all of our souls and spirits.
- It is our job to let the light shine and remove the darkness.
- Love wins. Christ wins.
